End Of Season Report

Although there are a few outstanding games to be played all the Divisions have now been decided. In what has been a very busy season all the divisions have been closely contested and the outcome of each division has gone down to the wire.

Ladies Knaresborough Royals came out the eventual winners although York Uni pushed them all the way both teams winning once in their head to head. Once again Deighton Diamonds and Kirklees had a strong season and the league welcomed new teams in Sheffield Hatters, Ryedale and Huddersfield Heat who all added to a good season for the Ladies League

Men's Premier Bradford Maroons won the league after being promoted last season. They were pushed all the way by TASC Old Boys who defeated them in overtime at Parkside. Once again Rawthorpe and York Uni had strong seasons and it was a testament to the strength of the division that no one team dominated.

Men's Div 1 In a very competitive season the outcome of the League was only decided by the final game with Mandela Warriors finally overcoming Tadcaster Tornadoes. Again the strength of the League was shown by no one team dominating.

Men's Div 2 Harrogate Raiders came out as eventual winners only losing one game and remaining unbeaten at home. They were chased all season by Leeds Tigers who came up just short partly due to a fixture congestion not allowing them to complete all their games. The rest of the teams enjoyed a good season with no one dominating.
